A local-first workshop

A sample agenda for a small community meetup.

01 / Introductions - 10 min

Share what you are building and one question for the group.

02 / Hands-on session - 30 min

Explore local data, identity choices and offline discussions.

03 / Show and tell - 15 min

Present a small demo. Discuss what worked and what did not.

04 / Next steps - 5 min

Choose one experiment to try before the next session.

Bring a laptop, a charger, and something you are curious about.
